3 You'll get an email confirmation

The email will contain instructions on where to send your money, including WorldFirst bank info.

4 Send us your money

Are you sending money between your own accounts? Good news! You can sign up for direct debit to avoid wire transfer fees from your bank. Contact your account manager to complete the setup process.

Are you sending money to a third party?

You will need to wire transfer funds for your first transfer (we can set up direct debit after this). If you are not in a rush, you can also send your money to us via ACH credit to reduce your bank fees.

5 We make your payment

We send the funds to the recipient's (or your) bank account. You'll receive a payment confirmation email.

How long will my payment take?

After we receive the funds, 1-3 business days depending on the currency.
